

Lecturer in Audiology – School of Medicine & Dentistry – Grade H

Job Description

Purpose

To contribute to the academic development, teaching, assessment and supervision within Audiology programmes within the School.

Duties

1. To make a contribution to achieving the academic objectives of Audiology within the School of Medicine through scholarly activity, research outputs, knowledge transfer activities and income-generation.
2. To act as module leader for a number of identified modules.
3. To undertake administrative duties, relevant to module leadership (administer course registers, assessment records, learning programmes and other records).
4. To engage with the recruitment of students onto courses and to provide appropriate advice on progression and career opportunities.
5. To adhere to quality assurance and enhancement systems to ensure high standards are maintained and the student experience is enhanced.
6. To contribute to the development of the School's commercial activities, including consultancy, training and funded projects.
7. To participate in research as an individual or part of a team.
8. To develop and consolidated contacts with industry/employers and other external organisations.
9. With regards to the nature of your role and its impact upon our students, make an active contribution to and support the improvement of the student experience.
10. Undertake other relevant duties and responsibilities appropriate to the grade of the post.

Person Specification

Knowledge, Skills, and Behaviours (Essential)

- Experience of teaching a higher education environment (Application/Interview).
